Course Information

TLIF2080 Safely Access The Rail Corridor

TfNSW & ARTC Approved

Description

This unit provides you with the knowledge and skills to safely access and navigate the rail corridor.

Learning Outcomes

- ◆ Understand basic rail terminology
- ◆ Understand & follow relevant policies, procedures and protocols, including entry requirements and emergency procedures
- ◆ Communicate effectively within the railway context.
- ◆ Recognise hazards & take appropriate action
- ◆ Conduct a situational awareness assessment
- ◆ Use PPE conforming to required standards

Training Location

Competency Australia : 63 Broadmeadow Rd,
Broadmeadow NSW 2292.

Start Time & Duration

Safely Access the Rail Corridor is a full-day course, generally running 08.30-14.30, including practical and written assessments.

Parking & Transport

There is limited parking provided onsite and on street public parking available.

We are located approx. 1km from Broadmeadow Train Station.

Cost

We deliver this course from Broadmeadow on scheduled dates or to groups of 4 or more on demand. The cost of the course is \$250 pp. An additional \$30pp fee is charged for TfNSW approved training.

This fee includes workbook, training materials, refreshments and statement of attainment.

PPE Requirements

Safety boots must be worn during practical assessment activities.

Medicals and RIW Cards

For information on obtaining a Rail Industry Worker (RIW) card or completing your railway medical, please go to railindustryworker.com.au

Which Course Do I Need?

If you are working in Sydney or surrounds, you will generally require the TfNSW course. If you are working in the Hunter Valley, a mine site, or outside NSW, our standard TLIF2080 - Safely access the rail corridor course is more suitable.

Please check with your client representative to confirm before enrolling.
